Dear Vickie,

The Servcorp Team has been busy fundraising again all through July, August and September in support of RFTC and to raise breast cancer awareness among our clients. This October, during Breast Cancer Awareness Month, we are incredibly proud to share that this year, we raised the bar and increased by 35% over what we raised in 2025! We achieved an amazing:

¥4,202,078

For the first time ever, we have surpassed the ¥4 million milestone! This donation amount will be directly deposited into the RFTC account on October 16th, 2026.

Our Team organized a wide variety of creative fundraising activities across Japan to achieve this incredible result. These included bake sales, summer Matsuri events, games inspired by the Football World Cup, raffles with exciting prizes, fun Team challenges, special charity events, and general donation drives.

We were delighted to see so many of our clients and team members participate and contribute generously throughout the fundraising period. Please find below a few photos capturing some of the highlights from this year's activities:

We sincerely thank you for your continuing commitment to providing education and support for early detection, screenings, and treatment of breast cancer in Japan.

Once again, this year we hope the donation can contribute toward funding J-Top initiatives.

The Servcorp Japan Team takes great pride in supporting RFTC and looks forward to continuing to support RFTC Japan.

Yours truly,

Olga Vlietstra
